Power Sculpt Teacher Training is a great program for anyone who wants to deepen an existing practice or learn to teach a Sculpt class. This 60-hour program begins with a weekend intensive, followed by an additional weekend day and evening training sessions twice a week. Our team will lead you through the components of this intense but easy-to-follow yoga program – including how to build a yoga sequence with weights, strength training principles, anatomy, creative sequencing, theming, safety and more.

Interested in being a teacher at PLY? An Extensions Program will follow training. Please ask a lead for more details.
